

G.172A

This exploded view diagram illustrates the assembly of the G.172A engine. The components are numbered 1 through 16, indicating the sequence of assembly. The diagram shows the engine block (1) being mated to the cylinder head (2). The piston and connecting rod assembly (3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13) is shown being inserted into the cylinder. The crankshaft (14) is shown being installed into the engine block. The oil pan (15) is shown being attached to the bottom of the engine. The timing belt (16) is shown being installed around the pulleys. The diagram also shows the installation of the timing belt tensioner (17) and the timing belt guide (18).
